Reliabank is proud to announce our partnership with former Augustana Vikings and current All-Pro Fullback, C.J. Ham. Ham played

Running Back at Augustana University in Sioux Falls, SD. He graduated in 2016 and went undrafted by the NFL that spring. Through an impressive rookie camp tryout with the Minnesota Vikings, Ham was given a chance to prove his worth and was signed as a free agent. Since 2017, Ham has appeared in nearly every game for the Vikings and was named to the Pro Bowl in 2019. In March of 2020, Ham signed a three-year contract extension with the Vikings.

In 2021, Ham was a leading force in raising funds during the friendly “Turf Wars” competition with former Minnesota Vikings Linebacker, Chad Greenway, in an effort to raise funds for new football turf at Kirkeby-Over stadium on the campus of Augustana University. Reliabank donated \$10,000 to the campaign and Ham’s team which ended up the victor. The turf was installed in July, 2021.

Ham has volunteered at several nonprofit organizations dating back to college and plans to continue working with nonprofits and youth mentorship groups during and after his football career.

ATM SAFETY TIPS

by American Bankers Association

Protecting Your ATM Card

- Always protect your ATM card and keep it in a safe place, just like you would cash, credit cards or checks.
- Do not leave your ATM card lying around the house or on your desk at work. No one should have access to the card but you. Immediately notify your bank if it is lost or stolen.
- Keep your Personal Identification Number (PIN) a secret. Never write it down anywhere, especially on your ATM card.
- Never give any information about your ATM card or PIN over the telephone. For example, if you receive a call, supposedly from your bank or possibly the police, wanting to verify your PIN, do not give that information. Notify the police immediately.

Using an ATM

- Be aware of your surroundings, particularly at night. If you observe or sense suspicious persons or circumstances, do not use the machine at that time.
- Have your ATM card ready and in your hand as you approach the ATM. Don't wait to get to the ATM and then take your card out of your wallet or purse.
- Visually inspect the ATM for possible skimming devices. Potential indicators can include sticky residue or evidence of an adhesive used by criminals to affix the device, scratches, damaged or crooked pieces, loose or extra attachments on the card slot, or noticeable resistance when pressing the keypad.

- Be careful that no one can see you enter your PIN at the ATM. Use your other hand or body to shield the ATM keyboard as you enter your PIN into the ATM.
- To keep your account information confidential, always take your receipts or transaction records with you.
- Do not count or visually display any money you received from the ATM. Immediately put your money into your pocket or purse and count it later.
- If you are using a drive-up ATM, be sure passenger windows are rolled up and all doors are locked. If you leave your car and walk to the ATM, lock your car.

Special Precautions for Using an ATM at Night

- Park close to the ATM in a well-lighted area.
- Take another person with you, if at all possible.
- If the lights at the ATM are not working, don't use it.
- If shrubbery has overgrown or a tree blocks the view, select another ATM and notify your bank.
